MA Educational Leadership and Management  
University of Warwick**

## **RE: ACADEMIC REFERENCE FOR MR. ETTA AJUK AYAMBEM**

I am pleased to provide this reference in support of Mr. Etta Ajuk Ayambem's application for admission to the MA in Educational Leadership and Management at the University of Warwick.

I had the opportunity to work closely with Mr. Ayambem during his service at the Federal University Wukari, where I served as Director of the Directorate of General Studies. Throughout this period, I observed him in both academic and professional capacities and became familiar with his intellectual abilities, work ethic, leadership potential, and commitment to educational development.

Mr. Ayambem consistently demonstrated strong analytical and organizational skills. He showed an impressive ability to understand complex academic and administrative processes, evaluate challenges critically, and contribute practical solutions. His contributions to academic support activities, student administration, examination coordination, and faculty assistance reflected a high level of responsibility, attention to detail, and professional maturity.

One of his most notable strengths is his commitment to continuous learning and self-development. He possesses excellent communication and interpersonal skills, enabling him to work effectively with students, academic staff, and administrative personnel. He is highly dependable, intellectually curious, and capable of working independently while also contributing meaningfully within collaborative environments.

In my assessment, Mr. Ayambem has the academic capability and personal qualities necessary to succeed in a demanding postgraduate programme. His interest in educational administration, leadership, and institutional development is genuine and well aligned with the objectives of the MA in Educational Leadership and Management. I am confident that the advanced knowledge and leadership competencies offered by your programme will enable him to make significant contributions to educational institutions and policy development in the future.

Based on my knowledge of his character, academic potential, and professional competence, I recommend Mr. Etta Ajuk Ayambem without reservation for admission to the MA in Educational Leadership and Management at the University of Warwick.

**Yours faithfully,**

**Professor Agu Innocent Ejimofor**
