

# BASSEY MIRACLE MBUK

ICT Professional & Web Developer

Ibadan, Oyo State ✉ miraclebassey28@gmail.com +234 813 253 5643

## PROFESSIONAL SUMMARY

Results-driven ICT professional with strong expertise in web development, database management, and cybersecurity. Experienced in designing and deploying secure applications, supporting ICT infrastructure, and delivering technology-driven solutions that improve efficiency. Skilled in both independent and team-based environments, with a proven track record of developing practical systems such as grading platforms and authentication tools used by large student groups. Passionate about leveraging technology to solve real-world problems and drive digital transformation.

## WORK EXPERIENCE

### Digital Administrator (Part-Time) · Lagelu Grammar School, Ibadan

February 2026 – May 2026

- Provide administrative and digital support for CBT and Digital Academy operations
- Maintain accurate student records, attendance logs, and basic performance data
- Assist with digital registration processes and platform updates
- Support management of email, shared folders, and online databases
- Ensure confidentiality, accuracy, and compliance with data protection procedures

### Freelance ICT / Web Developer

2021 – Present

- Developed websites, managed hosting, and provided ICT support for various clients
- Notable projects: Pre-Exam App, LG healthcenter, Expense Audit App (deployed on GitHub / Render)

### Tech Educator · Command Day Secondary School, Ibadan

June 2023 – July 2024

- Taught Data Processing and guided students in practical ICT activities
- Developed lesson plans to improve digital literacy and ICT competence
- Assisted in setting up and maintaining the school's computer systems
- Awarded Best ICT Instructor (Certificate of Merit) for outstanding service

## Tech Educator · Batoro Grammar School, Shagamu

April 2022 – September 2022

- Delivered ICT lessons focusing on practical computer usage and internet safety
- Prepared examination papers and official documents using Microsoft Word

## ICT Intern · Forestry Research Institute of Nigeria (FRIN)

January 2021 – December 2021

- Collaborated with ICT personnel on various technical tasks
- Gained hands-on experience in network cabling (RJ45 setup) and infrastructure support
- Assisted in web development and system troubleshooting

## PROJECTS

---

- Healthsight:** Healthcare Facility & Performance Management System (*Next.js, NestJS, Prisma, PostgreSQL*): Developed an enterprise-grade platform for managing Primary Health Centers (PHCs), featuring automated staff onboarding via Mailjet, GIS mapping for facilities, and a dynamic assessment engine that generates real-time performance analytics based on professional roles.
- WAEC Chemistry and Physics Interactive Learning Package** (*HTML, CSS, JavaScript*): Built a self-contained, offline learning app with 4 micro-modules on abstract WAEC 2026 Chemistry and Physics topics. Implemented mobile-responsive design, sequential unlock logic, Pretest + Final Quiz, and localStorage progress tracking. Content generated using Chalkie.ai for WAEC syllabus alignment.
- Grading System** (*HTML, CSS, JavaScript*): Web-based grading system used by over 85% of colleagues for automated score calculation and report generation.
- Expense Audit App** (*Node.js, Render, GitHub*): Expense tracking & audit app with role-based access and persistent data storage.
- Pre-Exam App** (*Node.js, Render*): Practice exam prep app deployed on Render with timed quizzes and score tracking.
- Login & Authentication System** (*Node.js, Express.js, and Postman API*): Secure user authentication system with hashed passwords, JWT, and tested API endpoints.
- Business Website** (*WordPress*): Designed and deployed a responsive business website with custom layout and mobile optimization.

## EDUCATION

---

### M.Sc. Computer Networking & Cybersecurity · University of Ibadan, Oyo state.

July 2024 – January 2026

### B.Sc. Computer & Information Science · Tai Solarin University of Education, Ogun state.

October 2018 – December 2023

## CERTIFICATIONS & AWARDS

---

- National Youth Service Corps (NYSC) Certificate – 2024
- Full-Stack Web Development Certification – 2022
- Certificate of Merit – Best ICT Instructor, Command Day Secondary School (2024)
